

**PERMANENT OPPORTUNITY
SENIOR ANALYST PROGRAMMER
BRADFORD
Ref No: E349**

A permanent opportunity has arisen for a Senior Analyst Programmer within the IT department.

The main purpose of the role is to work closely with IT and Business colleagues to analyse requirements, design; develop; deliver and support solutions meeting organisational requirements.

If you.....

- Have proven relevant analysis, design, development and delivery skills.
- Have an appetite to develop both new technology skills and business knowledge
- Are confident in challenging the design and use of systems both within IT and across key business colleagues.
- Have a flexible and proactive approach to change, support innovation and accept change positively
- Demonstrate strong “customer facing” skills able to work in a proactive manner with a diverse range of colleagues across the organisation and its partners.
Have strong skills and knowledge of applications and database design and development.
- Relevant technology experience – e.g. SQL Server with stored procedures, MVC/.NET SSIS.
- C#, SSRS and SSAS knowledge would be an advantage.
- Strong analytical skills, able to assimilate and report upon complex information
- Are structured and disciplined in your approach able to manage activities within an agreed schedule

If this is you, then why not apply for this role?

All applications to applications@fgh-uk.com with a copy of your CV and covering letter stating by you think you are suitable for this role quoting reference number E349.
